Can Do Scaffolding: Science and Technology				Year Four Unit 4	
CREATING					I can present on common technologies among countries where the same language is spoken, including what they are, where they are produced, etc.
EVALUATING					
ANALYZING					
APPLYING					
UNDERSTANDING					
REMEMBERING					
	I can identify technologies/ scientific advances that characterize TL countries.	I can understand commentaries about the affect of technology on such issues as medical care, pollution, education, etc.	I can ask and answer questions about how access to technology affects daily life in the target language countries and in the U.S.	I can investigate research being conducted for advances in science and medicine that affect the target language countries that might not get media attention in the United States.	I can discuss research being conducted for advances in science and medicine that affect the target language countries that might not get media attention in the United States.
